

LUONG XUAN NHAT

.NET DEVELOPER - FRESHER

My short-term goal is to become a Web (RESTful API, MVC,...) .NET Junior developer, gaining hands-on experience and honing my skills in developing web applications using .NET. I aim to learn to work in a professional environment, enhance my knowledge of front-end and back-end development.

My long-term goal is to establish myself as a .NET Developer (Senior developer), participating in complex projects, solve difficult business problems in enterprise projects
